Subject: Complaint

I would like to file a formal complaint about how I am being treated by Lisa Towle. I fear my safety and well being, and need to put something in writing until I can put my thoughts together and type something more formal. I have a down syndrome daughter who needs me and I cannot let anything happen to me.

I have many statements and facts to present, I will be filing that as soon as possible.

Sincerely,
Michele M. Walker
